Elvis Hernandez, General Manager

To the People of Lee & Bastrop Counties

Sheril Smith has resigned from the Lost Pines Groundwater Conservation District (District) Board of Direction effective February 9, 2026. Sheril has served more than nine (9) years representing Lee County on the District Board. During that time, she has been fervently committed to achieving the District's Mission of conservation and stewardship of its groundwater in a fair and equitable manner.

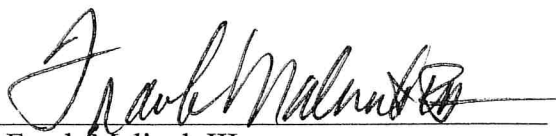

She is deeply committed to the people and communities of Lee and Bastrop counties, exemplified by her knowledge of groundwater science and dedication to sustainable water use, protection and conservation.

She has served this District in a variety of roles ranging from Committee Chairs to District Board President. She has been a staunch advocate of maintaining the water quality and quantity of our aquifers. She has been an outspoken advocate of sustainable development within Lee and Bastrop Counties. She spearheaded the effort to find, hire and train our talented and committed Education & Outreach Coordinator. Sheril has provided mentoring and encouragement to District personnel to raise awareness, educate people and actively interact with community residents and organizations.

Sheril's attention to developing and maintaining District administrative protocols, rules and regulations has been exemplary. Her vast institutional knowledge of this District will be sorely missed.

With Gratitude,

G. Nicholas Textor
LPGCD President

Frank Malinak III
County Judge, Lee County
